Call for submissions

The PACE Steering Committee have issued a call for submissions on the theme of Barrier Verification for the **confidential technical presentation sessions on Tuesday 7th March**.

This is open to both PACE Member Companies and Guests, with the opportunity to present/ pitch new technologies to the PACE operator members without other service companies/ vendors present to leverage collaboration.

Submissions are to be a 1 paragraph abstract submitted to OTM on the email addresses above. Please include details of the technology, the current stage of development and what is needed in terms of funding/ trials/ support to make it happen.

Any confidential material shared in these sessions will be protected as in the PACE Membership Agreement, or alternatively you may choose to share only non-confidential information.

The **deadline for submissions is Friday 10th February** with companies notified on Wednesday 15th February as to whether their submission has been successful. Please ensure you have the required permissions prior to submitting an abstract, as this is considered a commitment to present if selected.

Unsuccessful applicants are still welcome to join the **non-confidential technical advisory sessions on Wednesday 8th March** as PACE Members, or join the wait list to attend as a Guest should spaces be available.
