

Agenda for the June 2017 PACE meeting

- Theme:** Barrier placement and verification/ barrier assessment
- Objective:** Following on from the March meeting where we focussed on finding out as much as possible through tubing; this meeting seeks to understand the next steps chronologically: how to place a barrier in the correct location and verify that it is fit for purpose
- Date:** Wednesday 21st and Thursday 22nd June 2017
- Times:** All Members: 08:00 hrs to 11:30 hrs on 21st June
Operators only session: 11:30 hrs to 17:30 hrs on 21st June
All Members: 08:00 hrs to 16:45 hrs on 22nd June
- Meeting venue:** GE Oil & Gas, Houston, United States of America
- Contact:** Debbie McIntosh / Dawn Dukes, OTM Consulting Ltd
Telephone: +44 (0)1372 631950
Email: Debbie.mcintosh@otmconsulting.com
dawn.dukes@otmconsulting.com
- Directions:** See page 2
- Accommodation:** See page 2

Meeting Theme

The PACE Steering Committee have decided to continue the original theme of Barrier Verification following on from the focus on Multi-annuli Barrier Evaluation in the last meeting. This meeting will focus on Barrier Placement and Verification.

The Technical Presentation Sessions are open to both PACE Member Companies and Guests, with the opportunity to present/ pitch new technologies to the PACE operator members without other service companies/ vendors present to leverage collaboration. Following an open call for applications, the PACE Steering Committee have selected 4 presenters to attend the session at this meeting.

Any confidential material shared in these sessions will be protected as in the PACE Membership Agreement, or alternatively you may choose to share only non-confidential information.

The PACE Membership has decided to restrict attendance to the remainder of the meeting to PACE Members only to foster the growth of trust and open collaboration. As such there will be no guest attendance at this meeting, however the PACE Members have invited the Bureau of Safety and Environmental Enforcement (BSEE) to deliver a "Lunch & Learn" session on their P&A requirements followed by a Q&A session.

Hosted by:

Directions:

GE O&G WWII offices are located at 4424 West Sam Houston Parkway N, Houston, TX 77041. Directions from the IAH airport are in the following link [IAH to GE O&G Houston HQ](#). Coming from the airport on the beltway you are going to exit Clay road and u turn under the freeway, taking an almost immediate right off the frontage road into the road running in front of the building. The building is behind the Shell station. A map is also attached for your reference on page 5.

Short term visitor parking is in front of the building and covered parking is at the first garage entrance (on the side of the building). There is also outside parking in front of this parking garage. Please arrive 10 – 15 minutes before the scheduled meeting time to allow sufficient time to sign in. All visitors are required to register at reception in suite 100. Suite 100 is on the ground floor to the left of the security guards desk as you enter from the front of the building. If you enter from the covered parking garage, you will walk down the hall and take a left before you run into the Innovation Café. And then you walk past the elevators to Suite 100.
